**ORDER DENYING MOTION FOR RECONSIDERATION**

Plaintiffs have filed a motion for reconsideration of this court's October 24, 2005 order granting in part and denying in part their motion to compel discovery. Local Rule 7.1(g)(3) provides that in order to prevail on a motion for reconsideration, "[t]he movant must not only demonstrate a palpable defect by which the court and the parties have been misled but also show that correcting the defect will result in a different disposition of the case." Plaintiffs have failed to make any such showing. Accordingly, **IT IS ORDERED** that plaintiffs' motion for consideration is **DENIED**.
